Available colors :

The XL size vinyl event wristband allows you to control access to a specific site (hotel, holiday club, campsite, etc.) or to easily identify participants in an event (concert, sports meeting, private party, etc.). It is completely tear-proof and water-resistant. This model closes permanently thanks to a plastic clip that prevents it from being exchanged with another person.

Characteristics of the vinyl event bracelet

It is 25 centimetres long and 1.2 centimetres wide. Its rectangular surface of 7 x 2 centimetres can be personalized with a logo and text (please provide us with a vectorized logo and the type of font required).

The non-personalised vinyl control wristband is available from stock in a wide range of matt, glossy, translucent and glittery colours.

Important : send us a vectorized logo and type of characters.
